BUSINESS

The Dean's Message

Welcome back faculty, staff and students. As we embark on another school year, we should all keep in mind that graduates are going into jobs that didn't exist 10 years ago. We all need to be up to the challenge. Rethink the ordinary. If you have been teaching something for a period of time, I want you to change it, take it out of the box, and reinvent it. Remember that learning takes place inside and outside the classroom. Be sure to share all of your successes with us through the Dean's Newsletter.

For submissions, visit business.humber.ca/content-submission and choose "The Dean's Newsletter".

SUCCESS STORIES

The Humber Advantage

Recently, Humber Spa manager Delia Fiorante received an email from the Customer Service Manager at Sherwood Village Spa about the amazing work our graduates are doing. Thank you to the entire Spa Management teaching team for helping our students shine. Read the email below.

*Good morning Delia,
I am contacting you on behalf of Sherwood Village Spa. We have some estheticians in our staff that attended Humber College and we find their work ethic and service extremely exceptional. We are looking to add 2 full-time estheticians to our team; would you have any graduates who are looking for positions in the industry? If so, could I get their contact information and/or their resumes?*

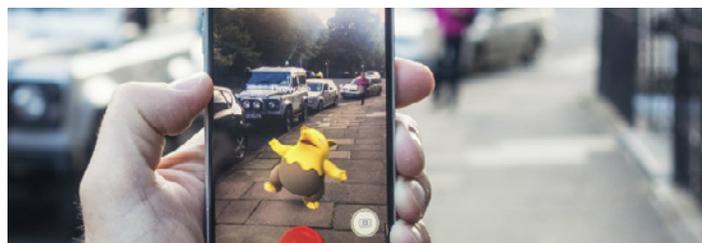

Thank you in advance for your time and assistance.

From Humber to Holt Renfrew

Two Humber Esthetician/Spa Management Diploma program graduates went straight from Humber to Holt Renfrew. We are proud to see the success of Taralee Brewer and Samantha McLean so early in their careers.

SUCCESS CONT'D

International Placement Opportunity For International Development Grad

"I have arrived at my placement. Everything went smoothly during my training in Paris and I am settling into my Amman life well. The training in Paris was similar to our classes in finance, logistics and proposal writing and the security training was also very familiar to me from class. As of right now we have 3 Humber alumni working at ACTED in Amman! Thank you again for putting together such a relevant and practical year. I truly can't believe how far I've come in the last year due to the program."

- **Kelly West, International Development Postgraduate Certificate Graduate**

Christine Hagen Shares her Summer Study Abroad Experience in India 2016

My name is Christine Hagen and I am currently a second year Digital Business Management student. During my first year of studies at Humber, I really wanted to make my education count. My interest in studying abroad rose after taking a class on Social Entrepreneurship and learning about various entrepreneurs and how they decided to take their current path.
