The Dean's Message

Faculty and students have been hard at work throughout November participating in conferences, hosting events and winning competitions!

Congratulations to a team of Insurance Management students who won first place in Cookhouse Labs' Design National Thinking Ideathon, and to Paralegal Studies alumna Fallon Burns for reaching the semi-finals in the Dublin City University National Moot Competition. We are proud of the determination and achievements our students continue to demonstrate across all program areas.

Earlier this month, the Learning Resource Commons was filled with over 800 students making industry connections through a Work-Integrated Learning Centre hosted event - the annual Fall Career Fair. Employers were on site for two days to meet and network with our students.

All of our successes are a reminder that as a Faculty, we are guiding our students and alumni to make their great, even greater.

Read on for highlights about our expert faculty publishing academic journals, being interviewed on national news and inspiring their students.

**WE ARE
BUSINESS AT ITS BEST**
