Humber Polytechnic Hosts Paralegal Cup Mooting Competition with Historic Results

Financial Planning Students Win National CFP Case Competition

DEAN'S MESSAGE

Alvina Cassiani | Senior Dean
Longo Faculty of Business

As we reflect on the culmination of semester-long projects and capstone events, it brings immense pride to witness students showcase not only their skills and creativity but also their ability to solve real-world challenges with confidence. These experiences continue to shape the next generation of business leaders across programs and disciplines.

Congratulations to Financial Planning students for placing first in the National CFP Case Competition. Kudos as well to the ACE Humber team for securing third place at ACE Canada Nationals, and to Digital Business Management students for earning third in the 6th Annual Map the System competition. Their success reflects the strength of a business education at the **Longo Faculty of Business** and the impact of collaborative and real-world learning.

Experiential learning was on full display as Cosmetic Management students led the second *Business of Beauty Conference*, bringing together top industry voices and emerging talent. That same collaborative spirit powered *Unfiltered*, Humber's 2025 student-led fashion show, a celebration of sustainability and student leadership. These events are a powerful reminder of what our students can achieve when given the platform to create and lead with purpose.

Read on to explore how students are applying classroom learning in real-world settings and taking their educational pursuits to new heights.
