## The Dean's Message

This month, we welcomed Baking, Culinary, Sport, Hospitality, Event and Tourism programs into our family and officially became The Faculty of Business! Already, students from these new programs are showing us what they're made of. Culinary students and faculty organized the first annual Humberlicious. The event was filled with so much delicious food, we already can't wait for next year's! Also, Fashion students and faculty organized another fabulous Walk It Out Fashion Show, which is a pinnacle event for the program and a spectacular interdisciplinary showcase of learning. As summer approaches, we can look back on the achievements of our student's, professors and our new Faculty with great pride.

Be sure to share your successes in the Dean's Newsletter. For submissions, visit [business.humber.ca/content-submission](https://business.humber.ca/content-submission) and choose "The Dean's Newsletter".

## Entrepreneurship is Relevant Humber-wide

Entrepreneurship is relevant all across the college, as highlighted by a recent cross-collaboration between The Business School, the School of Hospitality, Recreation and Tourism and the Centre for Entrepreneurship.
