**BUSINESS AT
ITS BEST**

BUSINESS

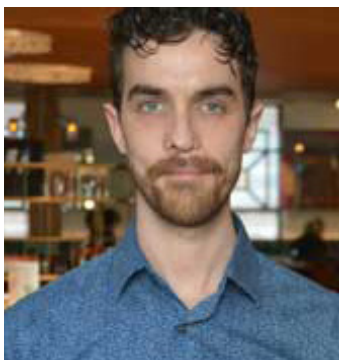

The Dean's Message

March was an exciting month for The Business School! This time of year is always full of challenges, time crunches, and deadlines. It is also a time when our faculty and students really shine as they see all of their hard work pay off.

Congratulations to the students who earned top honours in various competitions around the province! You provide a shining example of what The Business School community at Humber can accomplish in and out of the classroom. Speaking of getting out of the classroom, in March faculty set up field trips to head offices, giving students a real-world look at potential careers. Also included in this edition are success stories from the School of Hospitality, Recreation and Tourism. We are all excited for May 1st when we officially become the Faculty of Business.

Be sure to share your successes in the Dean's Newsletter. For submissions, visit business.humber.ca/content-submission and choose "The Dean's Newsletter".
