BUSINESS

The Dean's Message

Here we are again - we're well on our way into another busy year at the Business School! So busy, in fact, that despite just being a few weeks into this new school year, we already have many exciting stories to share with the Humber community. In this newsletter, we feature several student and faculty success stories from this past summer, ranging from student award-winning films, fashion line debuts, keynote speeches and much more. Here's to another fantastic year at the Business School - and best of luck to our new and returning students!

120 Diploma Students Pathway into Bachelor of Commerce Degrees

Helping internal and external diploma students pathway to a degree is a critical component of The Business School's Polytechnic vision. As such, we are thrilled to announce that in the last year, 120 diploma students pathwayed to Bachelor of Commerce degrees. This accomplishment is in large part due to the hard work from the staff in the Registrar's Office who helped to recruit, admit and advise these pathway students.

The pathway program is an excellent opportunity for diploma students, as "it allows them to get the credit they deserve from their previous postsecondary studies at the diploma level and finish their degree in less time," says Judy Tavares, Manager, Student Transfer Services. The Office of the Registrar has been committed to this goal all year, putting on recruitment events and information nights, such as Transfer Thursdays, the Humber Pathways Fair, and Get Transfer Help.

"As a Polytechnic, Humber has so much to offer students, especially those who may be unsure of their first step," says Judy. "Offering

pathway options can really put a student's mind at ease when choosing a program as they know that they can build on their knowledge in a subsequent credential whether it be a diploma, degree or graduate certificate."

Thank you so much to the entire team at the Office of the Registrar on this outstanding achievement.

Human Resources Management Graduate Success

At the Business School, we're always thrilled to hear about our graduate's post-Humber successes. Recently, we heard from five of our Human Resources Management Business Graduate Certificate alumni about the exciting positions they've secured. Congratulations to Rachel Brown, Chris Chung, Rachael Goulding, Kayla Small and Karam Tafiq on your new positions.

Culture Days

For Etobicoke Lakeshore Culture Days, students from the Fashion Arts & Business, Fashion Management, and Fashion Management and Promotions programs all came together to provide a fun and creative experience in fashion for community members. Student volunteers assisted visual artist, Karen Bell, in making Clothespin Characters, where kids and adults alike could express their fashion creativity using fabric, felt, pom-poms, and yarn. Participants could then place their characters in themed storefronts, which had been created by previous fashion students. The Fashion Institute not only had a creative craft activity for families and friends, but a chance to watch students from all three fashion programs take-down and set-up the street-facing window display in the Fashion Institute on Humber Lakeshore Campus. The window display is changed a few times a year, and a lot of hard work from fashion students goes into these incredibly detailed changes. Mannequins were dressed, photos were hung, and props placed in the window for everyone to see. Culture Days was a huge success at the Fashion Institute with everyone of all ages enjoying and expressing their creativity with crafts and watching the production of a visual-merchandising masterpiece in the making.

Hilton on Campus

On Thursday, September 27, 2018, Georgia Sanderson, Director of Human Resources at the Hilton Toronto/Markham Suites Conference Centre & Spa visited the Bachelor of Commerce - Hospitality and Tourism Management degree students at our Lakeshore campus. The Placement Centre's efforts in bringing in industry partners to provide students with a "real bite" of industry is aligned with what our students are expecting. Georgia Sanderson provided an overview about the hotel, careers in the industry, and the realities of securing a job. Students left the room feeling invigorated about careers in hotels, in particular at the Hilton and its affiliated brands. We look forward to seeing where this set of students will land their paid work placements in the summer of 2019!
